European countries. These challenges test the limits of cross-national and cross-generational solidarities, touching upon the very foundations of governance and society. This research program aims at tackling these challenges.

Citizenship, Migration and Global Transformations - Leiden ...

The large number and diverse origins of inter- national migrants increasingly challenge long- held notions of citizenship within nation-state borders. The United Nations estimates that, in 2005, 191 million people lived outside their country of birth, a figure that has doubled since 1975 and continues to rise (UN Popul. Div. 2006).

with global migration, challenge the idea of an individual as a citizen in a single nation-state. Some suggest, for instance, that the increasing prevalence of dual citizenship and denizenship (long term residency without naturalisation) has disrupted the exclusive relationship between

Citizenship, Identity, and Transnational Migration: Arab ...

Citizenship encompasses legal status, rights, participation, and belonging. Traditionally anchored in a particular geographic and political community, citizenship evokes notions of national identity, sovereignty, and state control, but these relationships are challenged by the scope and diversity of international migration.

Citizenship and Immigration: Multiculturalism ...

Even as the question of citizenship for children of immigrants was seemingly settled by the Fourteenth Amendment, vitriolic debate has continued for well over a century, especially in relation to U.S. race relations. Most recently, a provocative and decidedly more offensive term than birthright citizenship has emerged: "anchor babies."
