His book 'Welsh Slate: Archaeology and History of an Industry' traces the industry from its origins in the Roman period, its slow medieval development and then its massive expansion in the nineteenth century - as well as through its long drawn-out decline in the twentieth.

Slate in Wales | The Purple Slate Company / Cwmni Llechi ...

Slate had become one of Wales's most important industries. Wales produced over four-fifths of all British slates in this period, with Caernarfonshire the biggest producer among all Welsh counties. In 1882 the county's quarries produced over 280,000 tons of finished roofing slates, and in 1898 the slate trade in Wales as a whole reached its peak with 17,000 men producing 485,000 tons of slate.
