Click to fix PS3 yellow light of death: <http://review4.weebly.com/ps3.html> According to PS3 experts, there are two main solutions to YLOD. The first option is logical, it includes sending your PS3 over to Sony to get it repaired. While this may sound like the perfect solution, it's not always that.

**PS3 YLOD Solutions - How to Fix PS3 Yellow Light of Death ...**  
It has been well documented and well known that the YLOD, GLOD or RLOD symptoms in PS3 consoles are related to hardware failure, in the majority of cases -about 99% of the time - caused by soldering failure between the graphics chip know as the RSX chip and the motherboard. We were the first to come up with the real and long lasting repair process for all these issues by reballing the RSX chip using leaded solder and we have repaired way more than a hundred thousand PS3 consoles using that ...
